

## *Gather Together (it's christmas time..)*

music: Augustin Lehfuss

lyrics: Anne Semper

*Verse 1:*

and so it begins again  
and we'll remember, all the joys and all the angers  
and if we're feeling regret  
well, now is the season, that will help us forget

*Bridge-Refrain:*

and we'll gather together  
in full celebration  
filled with cheer  
it's the end of the year  
oh yes it's christmas time  
soon all our hearts will awake  
we do it all for christmas sake

*Verse 2:*

and soon will be silent night  
and all our wishes will be sent up high above  
no matter if you're alone  
just say a prayer, in your heart is your home

*Bridge-Ref: as above*

*Interlude*

it's christmas time, and the hearts of children are smiling  
it's christmas time, and the voice of carols are singing  
At christmas time, we can forget all the hurting inside, feel alive

*Verse 3:*

not every dream comes true  
and every rainbow has it's own special answer  
so if it's the last you do  
let your christmas cheer shine through
