Intro:

Vers 1

our time is over
though I thought you were the only one who loved me
you're the only one to understand my heart - and who I am

Our love is over
but it had not yet begun before it ended
never had a chance to be reality

Bridge 1

it was a dream, just for a while
for you and me, just an illusion
over years, the two of us - how I believed

but I was wrong – I was wrong
but I was wrong – but I was wrong

Solo

Bridge 2

it was a dream, just for a while
what did we think, just an illusion
Half a life time many years

whatever I dreamt
whatever I thought
and what I believed

oh,- I was wrong – I was wrong
I was wrong – Yes, I was wrong

Vers 2

Our love is over
it was a fairy tale that never would come true Babe
It was a fiction that replaced reality – although it hurts

Our love is over
And it's time to face the truth and to accept now
What we shared was just a dream that we both dreamed
But I was wrong

I was wrong...
